

OVERVIEW

Neuronal Application Notes

Basic Research

Acute Hippocampus Slice from Rat or Mouse LTP

Acute Hippocampal Slices on Perforated MEAs

Circadian

CryoCells Hippocampus & Cortex*

Neuronal Cell Culture

Organotypic Cultures of Hippocampal Slice Prep

PrimaryNeurons Cortex & Striatum*

PrimaryNeurons Hippocampus*

MicroERG and Spikes - Retina

Spontaneous Activity from acute Rat Brain Slices with perforated PEDOT MEAs Electrodes*

Increased Throughput

Cortical Neuron Culture on Multiwell MEAs*

High Resolution

Retina on CMOS

Cortical Neuron Culture Protocol

* Please talk to a sales or application representative for more information.
